

STORMFALL: RISE OF BALUR FOR IOS/ANDROID

Stormfall: Rise of Balur

Stormfall: Rise of Balur invites players to descend into a dark world of ancient magic, dragons and heroes embarking on a quest to restore Stormfall to its former glory - and fulfill their destiny. To claim your right, you must build a mighty castle, master the art of trade, and arm yourself with sorcery and valuable resources. Lead a strong army and align with other lords in a world where treachery may be the key to life.

Players must rebuild the throne of a fallen empire by constructing their castle and forming strategic alliances with other players. *Stormfall: Rise of Balur* provides users with real-time strategic gameplay, allowing them to acquire resources through battling competing castles, engaging in raids and forming alliances with fellow lords. Only the cunning survive - and those who possess the will to conquer can fight to defend the throne of Stormfall!

Key Features

- **Build Your Castle**
 - Construct an empire from the ground up with mines, farms, guilds and markets.
